

Materials Required for the 15-Day Drawing Challenge

Simple. Beginner-Friendly. No Expensive Setup Needed.

SAHIL DRAWING CLASSES

You don't need expensive or complicated materials to start.

In fact, most of these are easily available at any local stationery shop - and you may already have some of them at home.

**The goal is simple:
Start with what you have. Upgrade later if needed.**

CORE MATERIAL LIST

Basic Drawing Essentials

- Pencils (HB, 2B, 4B, 6B recommended)
- Eraser
- Sharpener or cutter
- Sketch Pens
- Black Ball Pen (optional, but recommended)

Paper & Surface

- Sketchbook or drawing notebook
- Drawing pad (optional, but recommended)

Coloring Materials

- Poster colours (12 Shades)
- Basic paint brushes (small + medium size)
- Colour palette
- Water container
- Cloth (for cleaning brushes)

“DON'T OVERTHINK THIS”

Don't stress about getting everything perfect.
Even if you start with: Just a pencil and paper
That's more than enough for the first sessions.
You can always add more materials later.

What to Expect in the Next 15 Days

- You'll be guided step-by-step - no confusion
- Each session builds on the previous one
- You don't need to be "good" - just show up and follow
- By the end, you'll have your own completed artwork

Keep it simple. Stay consistent. That's where the results come from.

A Quick Note from Sahil

You don't need talent to start.

You need the right guidance and consistency.

I've seen complete beginners go from "I can't draw" to creating work they're proud of - not because they were special, but because they followed the process.

If you show up and stay consistent, you'll see the difference yourself.

Before Your First Session

- Arrange your basic materials
- Keep your space clean and distraction-free
- Join the WhatsApp group (if not already)
- Show up on time - that's all you need to do

Don't overthink it. Just begin.

Before You Start.. Make This Even Easier For Yourself

Skip the confusion, searching, and buying everything separately. Get everything you need — in one ready-to-use kit.

Most **people spend hours figuring out:**

- What materials to buy
- Which brand is right
- Where to get it from
- What's actually needed

And still **end up buying the wrong things.**

So we've done it for you.

We've created a complete Art Starter Kit with **everything you need for this 15-day challenge.**

No guesswork. No extra effort. No wasted money.

Inside the Kit:

All essential drawing materials
Beginner-friendly tools
Exactly what's required for this challenge
Nothing extra. Nothing missing.

This means:

- You don't have to step out or search online
- You don't have to compare products
- You start immediately without delay
- You stay focused on learning — not logistics

Every item is carefully selected based on what actually works for working professionals.

This is the same setup used in my sessions — simple, effective, and practical.
